For nature lovers, hiking & climbing enthusiasts, the Dachstein Plateau offers many possibilities in a landscape of incomparable beauty: discover the fascinating world of caves with the Dachstein Giant Ice Cave, the Mammut Cave and the Koppenbrüller Cave or enjoy unique views from the 5fingers, World Heritage Spiral, World Heritage View and Dachstein shark viewing platforms.

5fingers: Adrenalin with a view

Not for the faint-hearted! The 5fingers viewing platform offers adrenaline kicks at the highest level. Probably the most spectacular viewing platform in the Alps juts out like a hand into an abyss over 400 meters deep.

The five differently designed walkways provide spectacular insights and views. For example, one of the walkways is made entirely of glass, while on another, visitors can create their own framed World Heritage picture of Hallstatt using a large baroque picture frame. The 5fingers are illuminated until midnight and can also be seen from afar at night.

Underground: the Dachstein cave world

Mammut Cave: a cave labyrinth of superlatives

The huge Mammut Cave will amaze you with its incredible dimensions and a play of colors that you wouldn't expect to find underground in the Salzkammergut!

Cave trekking tip: Immerse yourself in the underground world on a guided trekking tour! Equipped with overalls, headlamp and helmet, you'll make your way through the labyrinthine interior of the cave through passages, climbing sections and crawl spaces = pure adventure! Registration required!

Panorama with view of the Dachstein

The Welterbeblick viewpoint offers a unique panoramic view of the mighty Dachstein glacier and is probably one of the most popular photo and selfie points on the Dachstein Krippenstein in the UNESCO World Heritage region in the Salzkammergut.

The path to the World Heritage View is barrier-free and easily accessible with an accompanying person! From Welterbeblick, you can hike directly to the World Heritage Spiral viewing platform (see picture on the right) and to the 5fingers, which you can reach in around 10 to 25 minutes.

Heilbronner circular hiking trail with Dachstein shark

The family-friendly Heilbronn circular hiking trail (walking time approx. 3 hours) is a generously developed karst hiking trail and is also suitable for less experienced hikers and children due to its gentle gradient!

TIP: There is a lot to discover along the way for little mountain enthusiasts: Fossils, alpine flowers, small ice cave, lake Hirzkarsee, nature trail with information boards.

The king of the primeval sea is back! The Dachsteinshark is a special attraction on the Dachstein Krippenstein, 8 meters long and accessible from the inside. It offers visitors a glimpse into the prehistoric past of the Dachstein massif.
